### **Vulnerable Adults Policy**

The Pattishall Parish Hall Association committee recognises that the protection and safety of vulnerable adults is everyone's responsibility. A vulnerable person is defined as a person who: is or maybe in need of community care services by reason of mental or other disability, age or illness and may be unable to take care of him or herself against significant harm or exploitation.

The management committee of the Association should be aware that the priority should always be to ensure the safety and protection of vulnerable adults and to act on any report, suspicion or evidence of abuse or neglect at events organised by the committee.
